April 17, 2020

Dear Families,

In a press conference yesterday, Governor Murphy ordered that all New Jersey school buildings remain closed until at least Friday, May 15, 2020. This directive will allow critical social distancing measures to continue in order to reduce the spread of COVID-19. This directive will undoubtedly enable critical social distancing measures needed to reduce the spread of COVID-19. We know that social distancing presents many challenges to families and we are here to support you.

While our school buildings remain closed, the District is still operating and remote learning will continue through Friday, May 15, 2020, and possibly longer, if directed to do so. During this time, you may find it helpful to provide some flexibility in your student’s daily schedule. If your student is struggling, you are encouraged to inform your student’s teacher who can provide strategies to keep your student meaningfully engaged.

Additionally, to the best of our ability, celebratory year-end events for students will either be rescheduled or hosted virtually. We are committed to celebrating our students and their accomplishments in the most appropriate way possible. Details will be shared by building principals as soon as they become available.

I am so proud of the efforts of the Pine Hill staff and community through this public health emergency. We remain committed to providing the best possible remote learning experience for the children we serve. We will continue to keep you informed of any new developments. If you have specific concerns, please contact your student’s teacher or building principal for guidance.

Sincerely,

Kenneth P. Koczur, Ed.D.
